"The partners of the firm recommended several tax reduction strategies and corporate benefit plans, all of which my C.P.A.s and tax attorneys on lower Manhattan Island in the One World Trade Center district of New York city could not do. I nearly fell over when the results came in and concluded a tax savings result of over \$1,200,000 in one year alone."

ONLY OWES \$232 IN TAXES

"I was concerned that my previous accountant was not doing a good enough job...boy, was I right. In 2007 my income was slightly over \$261,000 with my combined federal and state income taxes totaling \$30,131. In 2008 my gross income grew to \$311,285 and I was expecting the worst. But after you did my taxes and to my complete and total shock my IRS bill came to only \$232 for both the state and federal tax returns. I'll never go anywhere else."

"Together they found a tax election allowing our building to come out of the corporation tax free after 120 months. We saved over \$79,000 in business taxes and \$69,000 in personal taxes and we are now allowed to claim the long term capital gains rate. Thank you very much."
