Protect Your Assets and Livelihood

How A Nevada Corporation Works

NEVADA IS TAX HEAVEN

- No corporate income tax
- No capital stock tax
- No gross receipts tax
- No tax on the issuance of corporate shares
- No gift tax
- No stock sale or transfer tax
- No inheritance tax
- No inventory tax
- No estate tax
- No franchise tax
- No minimum start-up capital required
- No annual reports necessary
- No need to list assets

BE COMPLETELY ANONYMOUS

Nevada does not require owners to register with the state. Therefore, you can own all the shares in your Nevada corporation while maintaining control of all corporate assets while designating a nominee to act on your behalf and your identity will be kept completely secret.

LEASE BACK STRATEGIES

You can set up a lease back company allowing you to "Lease Back" your equipment back to your operating company. That can save you up to 15% on your taxes. Get assets out of your name and protect your equipment.

OTHER ADVANTAGES

- Cut your audit risk
- Nevada is the only state that prevents creditors from seizing shares and liquidating corporate assets
- Managers and Members need not be Nevada residents or U.S. citizens
- Protect property in any state
- One-person entities allowed
- No delay and can be formed in 24 hours
- Nevada allows for section 355 Tax Free spin-off
- Corporate meetings may be held anywhere
- Can own Offshore Companies

WHO SHOULD HAVE A CORPORATION

The obvious answer is anyone whose combined Business and Personal taxes are cutting deeply into their income. If you look at your money that is going to the government and think, "I could do so much more with that than they will," you need a Nevada corporation.

You can separate real estate, equipment and other assets using effectively structured LLCs in your state and friendly liens with your Nevada corporation.

Nevada is the only state that provides "Charging Order Protection" for both corporations and LLCs. This prevents creditors from seizing your corporate shares and taking control.

Live a Life of Asset Protection and Peace of Mind!

Incorporate Today

FLEXIBILITY

A corporate structure allows you to place different investments under separate corporations. You still retain complete control of all your investments. But if one investment runs into trouble, it won't suck the profits away from the other, more successful investments. Without incorporation, your profitable ventures would have to pay the debts of unsuccessful ventures!

PROFIT

Your Nevada corporation can maximize profits by taking maximum advantage of the tax laws. You can write off purchases of goods, travel and services as expenses. By organizing your activities and profits you can dramatically increase your net income. You pay less—and take home more!

ESTATE BENEFITS

Because a company's existence is perpetual, your Nevada corporation can outlive you. By using estate-planning strategies you may be able to pass your estate to your heirs without going through probate. This can save both legal costs and estate taxes.

PROTECTION

Nevada permits you to place protective liens on your home, cars, boats and business assets. You can even structure so that your Social Security Number is never disclosed.

COMPLETE PRIVACY

All successful people incorporate. It permits them to manage their assets anonymously and their private lives are never made public. Only in Nevada can you own and control your company where your identity and ownership can remain a total secret. Some individuals choose to have separate companies for their large assets such as a brokerage account, rental property, boat, or recreational vehicle.

Asset and Liability Protection

Under the law, a Nevada corporation is an "artificial person," completely separate from the people who own and operate it. This is different from an individual or sole proprietorship where the owner bears the full and complete financial responsibility for his or her actions. Because it is an independent entity, debts and taxes are separate from those of its owners. Therefore, Nevada provides an individual in business, whether salaried or on commission, with the greatest personal liability protection.

Nevada is the only state that does not share confidential information about its corporations with the IRS. In 2001, the IRS formally requested such an exchange program and the Nevada Governor turned them down flat!

The best asset protection is to incorporate...the best place to incorporate is in tax-free Nevada.

ASK YOURSELF... WHAT IS PEACE OF MIND REALLY WORTH TO YOU?

As an independent entity, a Nevada corporation's debts and taxes are separate from those of its owners.

Therefore, a Nevada corporation provides you with the greatest personal liability protection

We Now Live In A Litigious Society

What does that mean to you?

YOU Need Protection Now!

WITHOUT ASSET PROTECTION YOU COULD LOSE EVERYTHING

- 19 million lawsuits will be filed this year alone
- 90% of lawsuits in the world are filed in the United States
- A new lawsuit is filed every two seconds
- If you own a business or a profession you have a one-in-three chance of being named a Defendant in a lawsuit in the next year.

ANY OF THESE COULD LEAVE YOU PENNILESS AND IN DEBT

- A negligence or injury claim, whether justified or not, that exceeds any insurance coverage you may have
- Breach of contract through no fault of your own
- A professional malpractice suit
- A lawsuit from disgruntled business partners or employees
- Huge fines for violation of state or federal law because of the actions of an employee
- Defaulted loan guarantees
- Claims from creditors should your business fail
- Catastrophic medical bills

- Divorce

- Seizure of your home or other assets prior to due legal process by the U.S. Customs or other government agencies with forfeiture power – The Patriot Act

- A huge tax bill and escalating penalties following an IRS audit

ASSET PROTECTION

Under the U.S. legal system, the deck is stacked in favor of the Plaintiff and against you the Defendant.

Many lawyers now specialize in contingency fee lawsuits in which they are paid a percentage of whatever they win for their clients. This encourages the filing of frivolous lawsuits. Since a new lawsuit is filed every two seconds, the average business owner or professional person stands a chance of being sued numerous times in his or her lifetime. Any suit, no matter how apparently worthless, could result in a ruinous judgement.

WHY WOULD ANYONE THINK THEY DON'T NEED ASSET PROTECTION?

Tom Stanton thought he had it all - a beautiful home for his family, the car he had always wanted, a growing list of investments, his children in excellent schools, and dream vacations with his wife. BUT all that changed when he was served with process naming him as a defendant in a huge lawsuit. It didn't matter that he was convinced he had done nothing wrong. He lost everything he had and still owes his attorney for all the legal costs.

Act now. Feel the relief of knowing you have taken serious steps to safeguard the wealth you have worked so hard to achieve.
